

# California's Unholy Trinity Of Political Whores Raped Their Constituents and Rigged The Stock Market For Personal Green Cash Profiteering

By Dawn Brown

Politician's Kamala Harris, Dianne Feinstein and Nancy Pelosi exchanged emails and phone calls with the New York attorney general's office, Tom Steyer's office and various "Green ANTIFA" organizers in order to create a fake news tsunami about a climate crisis which they had manufactured in order to line their own bank vaults.

A lawsuit filed suit under California's Public Records Act (PRA) against the state's Attorney General Xavier Becerra for withholding all but one email showing or mentioning its work with partisan and environmentalist activists to use law enforcement in going after opponents of the "climate" political agenda". Under Kamala Harris, California's OAG had participated in the since-collapsed "Climate-RICO" cabal organized by New York Attorney General Eric Schneiderman, but kept its involvement off-screen. The new AG, Becerra, has since suggested that he has indeed been working with Green ANTIFA activists.

Specifically, in July, E&E Legal requested records "concerning the Office of Attorney General's work with private outside parties to pursue, as targets of investigation, perceived opponents of a political and policy agenda shared by the Attorney General and these outside parties." The complaint specifies the public records sought, in the form of correspondence that was sent to, or received from, the Attorney General, or members of his Executive Office, and certain named parties or entities of interest because of their involvement in the AG Climate RICO scandal beginning roughly six-months prior to the request:

Requests have included those between Attorney General Becerra at any address, or members of the Executive Unit of the Attorney General's Office (including also as cc: or bcc:) and b) which correspondence is also to or from (including also as cc: or bcc:), or which uses or mentions, any of the following individuals, entities, or email domains: Richard Graves, Matthew Palevsky, Tom Matzzie, Ethical Electric, Brian Arbogast, Lee Wasserman, RL Miller, Stephen Heintz, Erin Suhr (an employee of Fahr LLC), Pawa (including but not limited to mentioning in, e.g., mp@pawalaw.com), Frumhoff (including but not limited to mentioning in, e.g., [Pfrumhoff@ucsusa.org](mailto:Pfrumhoff@ucsusa.org)), and any email address that includes @fahrllc.com"

The OAG initially delayed its response, and then produced only a single document with little relevance to what E&E Legal sought. OAG withheld all other potentially responsive records claiming the records were 'privileged.' On the basis of E&E Legal's experience with other "Climate-RICO" AGs, as well as information and belief, E&E asserts this is likely baseless given the request encompasses documents shared with outside parties, and work with private, third-party political activists. No such privileges should apply to these records, unless AG Becerra will claim, as has NY's Schneiderman however implausibly, that he has 'deputized' partisan activists, donors and environmental pressure groups.

"As a California citizen and independent journalist, I have seen this act many times with the state government and their chosen third-party groups," said investigative journalist Katy Grimes, an E&E

Legal Senior Media fellow and co-petitioner on the suit. "We ask the Court to confirm that the blindfold on Lady Justice reflects how our laws are to be applied equally to all citizens and groups, and not a tool for lobbying by those that elected officials deem sufficiently politically-correct."

In addition to California, E&E Legal is embroiled in similar lawsuits in New York and Vermont, home of the two co-ringleaders of the AG Climate-RICO scheme. The effort entailed a gathering of nearly twenty state-attorneys general, who were joined at their public announcement by climate "investor" Al Gore, vowing to use every legal tool at their disposal to shut down dissent on the 'climate change' issue and to seek a tobacco-style global settlement from ExxonMobil and other fossil-fuel companies. E&E Legal's public record requests and subsequent litigation in Vermont and New York, and other states, exposed this scandal, leading to most of the attorneys general to flee from the climate crusade.

Other lawsuits seek the emails between California State officials and Farallon Capital, Tom Steyer, Margaret Sullivan, John Podesta, Tony Podesta, Eric Schmidt, Vinod Khosla, Larry Page, Steve Westly, Steve Spinner, Alison Spinner, Steven Chu, Matt Rogers, Ken Alex and others who acquired massive profits by exploiting taxpayers.

Politician's Kamala Harris, Dianne Feinstein and Nancy Pelosi were "*... instrumental, operational managers of the scheme in which they were fully aware of the illegal and illicit nature of their actions...*" claims one filing by a citizen's group. "*These politicians were paid in search engine stock and internet news manipulation as well as other unsavory transfers of unjust gain...*" the charges go on to detail.

This explains why California politicians hate Trump: Because he is catching them doing crimes!
