

## PAYBACK

When criminal assholes like sicko tech oligarchs, corrupt bribe-taking politicians and others chose to CHEAT RATHER THAN COMPETE AGAINST ME they have regularly hired media hit men and economic assassins to do it. My technologies obsoleted their schemes and they were not smart enough to come up with a better product.

My response to those attacks is to gather up the most lethal people and resources from the CIA, FBI, SEC, FTC, OSC, GAO, Congress, Interpol and the news media and hunt each and every one of the crooks down like a dog. My task force then applies a ten-times multiplier to the amount of counter-measures that will be used against the bad guys who attacked me.

We use 100% legal methods, tactics and tools to destroy each and every one of them and keep them under surveillance for the rest of their lives. If they ever, again, commit a crime, they are reported to every regulatory and law enforcement agency on Earth that has any jurisdiction.

On top of that, we arrange to have federal investigations and hearings launched against them.

The bottom line, figuratively speaking: *You kill me, you die too!*
