

THE HUNTING GROUND exposes how Silicon Valley Elite families order colleges to cover-up Frat House rapes.

THE HUNTING GROUND tackles sexual assault on college campuses, institutional cover-ups and the rise of a new student movement. Weaving together vérité footage and first-person testimonies, **THE HUNTING GROUND** follows survivors as they pursue their education while fighting for justice — despite harsh retaliation, endless harassment and pushback at every level.

THE HUNTING GROUND is written and directed by Kirby Dick and produced by Amy Ziering. It features the original song "Til It Happens To You" written by Diane Warren and Lady Gaga, performed by Lady Gaga.

Kleiner Perkins and the Rape Culture of Silicon Valley

Much has been written about Silicon Valley's "Rape Culture" but what does that term mean?

It refers to rich white men who were raised to believe that they had special social privileges because their parents, and fraternity houses, trained them to think that they existed in order to use others to meet their needs for pleasure, power and money.

This concept of "White Elitist Privilege" is a passed-on concept of land-owner and factory-owner control created in the feudal times of old Europe.

The people who owned the land, and resources, acquired by organized European murder fests called: "land wars"; created a mythos which sought to trick those who did not own those things into thinking that the rich owners had special powers, or special wisdom, due to some magic in their "blood-lines".

In fact, due to the rape of servants, cousins, townspeople and siblings, almost no "blood-lines" remained pure for long in the "nobility".

One might suggest that, *"if the townspeople were stupid enough to believe that some guy named Smith had super-powers because he was named Smith, then they deserved all of the use-and abuse*

that they were subjected to". This would be a Machiavellian, and harsh, assumption about people who were, essentially, brainwashed, from birth, to believe that the feudal Lord was better than them. As the CIA, and Google, have proven, it only takes a month of repetitive information iteration to brainwash the political, social or moral beliefs of any population.

In Silicon Valley the Joe Lonsdale rape case, the Ellen Pao Sex abuse case, The Ravi Kumar and Forrest Hayes Sex murder cases, The Stanford Frat house rape cover-ups, the Intern sex abuse scandals, The Stanford Professor's Sex scandals, The Silicon Valley Hooker parties, The Rosewood Hotel Thursday Night Sex Pick-up parties and hundreds of other twisted perversions, which involve a Silicon Valley VC, or Tech exec, abusing a lower income person are flowing like water down the tainted white water rapids of technology deviancy.

While being an intern, Stanford co-ed, or blonde divorcée, in Palo Alto, pretty much guarantees that you will face a gauntlet of high-tech date rape drugs, extortion, moral compromise and VC sexual exploitation, the rapes and social abuse do not end with the sex. All of the fraternity houses that the Silicon Valley VC's came from have now been charged with "rape factory" abuses. These men were raised as, and trained as, abusive animals, on every level.

BUT, Imagine having your brain raped!

The VC's buy the politicians, tax investigators, SEC officers and law enforcement agents that are supposed to stop them from doing their crimes.

These VC's have paid billions of dollars to Presidential, Senate, Gubernatorial, Attorney General and Mayoral campaigns, as bribes, in order to buy their way out of any law enforcement attention. The FBI should be stringing them up, but...for some special reason: they don't. This is the rape of America's political system. It is a rape of the public trust of over 300 million citizens. Their bribes, to allow over a trillion of their tax dollars to be hidden overseas, rapes our schools of our teachers and rapes our streets of pot-hole repair. Are your local services being cut? Thank John Doerr and Eric Schmidt.

The Silicon Valley VC's have also formed a Mafia-like Cartel. This dark and spooky men's club came from the Skull and Bones, Bohemian Club concept of Omerta secrecy rich boys who sought to control things by only doing business with each other in order to commercialize the commercialization of monopoly creation. They do everything you saw in the Francis Ford Coppola "Godfather" movies except they wear more khaki and drive Tesla's instead of Cadillacs.

There is no other region, in all of America, which holds the title of misogyny, prostitution and sexual extortion capital of the nation. This fact is proven by the tens of thousands of articles, and complaints published about Silicon Valley's abuses; and about no other city in The Nation.

Ever since HP created Sandhill road, the Cartel was just white boys. Because those white boys made their profits out of flying clever, cheap Indians over from India, getting their ideas, then shipping them back to India, before they could make any stock claims, a few Indian VC's created a sub-Cartel. While they tried to play off their cultural "robes and temples" crunchy granola marketing, few missed the reality that India is the organized rape capital of the world. The Indian VC's turned out to rape even more than the White Frat Boy VC's.

The brains of the Silicon Valley rapist VC's have one big problem...

They have had decades of programming and training to run spreadsheets out to the smallest decimal point but they can't invent a good, creative, idea to save their souls. They are financial experts and ideation idiots.

To get the things that their Cartel wants to exploit, they usually steal their ideas. They rape the brains of others, often without paying for it.

They invite the idea people in for a chat, under the guise and pretense of: ***“we are thinking about investing in your idea..”*** In most cases, this come-on line is total ***horsesh*t***.

They are inviting you in to get you to give them a free data dump, your “pitch meeting” at their offices is their fishing expedition to see what they want to steal from you.

The odds are small that you will be wearing the IZOD shirt, khaki pants, short greased haircut and have the perfectly symmetrical square jawed Aryan look that the VC's have. They will hate you the moment they see you. You have been excluded from their club the second you walked through their door. You don't have the look. You didn't pass the ivy league “one-of-us” sniff test.

But you still have some power, you have the idea and the technology...for the last few minutes before you open your mouth.

They will say: ***“...now; we are all friends here. Tell us everything. We don't sign non-disclosure agreements but we won't steal your idea..ha, ha.. if we stole ideas, how could we still be in business.. ha, ha..”***

You just bent over and spread your cheeks for them.

They will, then, listen carefully to your idea, take notes, argue a few points to try to get you to do more of their homework and then thank you and tell you they will ***“discuss it internally”***, which means they will immediately start organizing a thieving party if your idea had any interest for them.

All of the VC's on SandHill road, in Palo Alto, know each other and conspire and collude together, as proven in the “AngelGate”, “No Poaching”, “The Chieky Attack”, “Sony Hack”, “HSBC Hack” and other scandals.

One VC steals the idea and passes it to another to copy it, rename it and launch it via one of their friends. YouTube, Google, Facebook, Ebay and many other famous companies were created this way. That is why the VC's poured billions into trying to bribe Congress to overthrow the patent laws. The VC's live in fear of paying the creators they stole from.

When they see a great idea that they want to steal, they hire their buddies at Wired, Tech Crunch, Gawker Media or Hearst Publications to write a hatchet job article, or series of blog postings that defame and character assassinate you, while denigrating your technology and saying that it is impossible for your technology to work. They do this to prevent any possibility of non-Cartel VC's from their Silicon Valley Cartel or the NVCA (essentially the same thing) from funding you and competing with their theft scheme.

Ironically, their total clone copycat version of your technology, that they deliver, works fine. Even though they said, in their slam articles, that it was impossible for it to work.

So they raped you, thieved you, used you and shut you down. Isn't Silicon Valley lovely?

In the Kleiner Perkins sex abuse law suit, the Tom Perkins “Nazi Scandal”, The Ray Lane tax evasion investigation, Kleiner's Vinohd Khosla beach lawsuit, the Steven Chu Cleantech Crash and Solyndra crimes, AngelGate, The Eric Schmidt Sex Penthouse and White House manipulation investigation, The In-Q-Tel funds and an army of other scandals; one thing is clear: Silicon Valley VC's have no respect for morality or the law.

Voters must demand that the state and federal government bring crushing investigations, and penalties, to these VC's and tech responsibility-dodgers because their crimes affect every single citizen.
